PRO+

| Front Pro+ 14"

- | Baer's Most popular offering
- | 6-piston, 2-piece caliper
- | 14" 2-piece rotor – slotted, drilled & zinc plated
- | 6061 T6 aluminum hat – bolted to rotor ring
- | 18" or larger wheel required (verify fitment with template)

| Part #4301529

EXT+

| Front Ext+ 14"

- | Baer's flagship offering
- | Larger format 6-piston
- | Forged monoblock (machined out of a single piece of aluminum for increased stiffness and rigidity)
- | Larger pad volume than the Pro+
- | Thicker rotor than the Pro+
- | 18" or larger wheel required (verify fitment with template)

| Part #4301530

ADD'L EQUIPMENT

for all systems

REMASTER

Billet Aluminum Master Cylinder Engineered to Match Baer Braking Performance

PRO+

| Rear Pro+ 14"

- | Baer's Most popular offering
- | 6-piston, 2-piece caliper
- | 14" 2-piece rotor – slotted, drilled & zinc plated
- | 6061 T6 aluminum hat – bolted to rotor ring
- | Built for Ford 9" rear
- | Includes Banksia park brake assembly (much more modern/accurate park brake compared to our competitors drum in hat park brake systems)
- | 18" or larger wheel required (verify fitment with template)

| Part #4262700 | Ford 9"

| Part #4302488 | IRS Option

EXT+

| Rear Ext+ 14"

- | Baer's flagship offering
- | Larger format 6-piston
- | Forged monoblock (machined out of a single piece of aluminum for increased stiffness and rigidity)
- | Larger pad volume than the Pro+
- | Thicker rotor than the Pro+
- | Built for Ford 9" rear
- | Includes Banksia park brake assembly (much more modern/accurate park brake compared to our competitors drum in hat park brake systems)
- | 18" or larger wheel required (verify fitment with template)

| Part #4262701 | Ford 9"

| Part #4302489 | IRS Option

The Roadster Shop has been an industry mainstay for over 25 years in the chassis fabrication and turn key vehicle building market for street rods and muscle cars.

By capturing the market with advances in design, engineering, and innovation, the Roadster Shop has continued its development of chassis and suspension products to the growing Muscle Car, pro-touring market.

Baer Brakes prides itself on building world class brake systems for a wide variety application and uses. At the forefront of the Pro-touring movement, Baer is recognized as the industry leader for premium brake components for early domestic muscle cars and hot rods.
