## BRAKE CATALOG

[www.ROADSTERSHOP.com](http://www.ROADSTERSHOP.com)

## SS4

| Front SS4 11"

- | 4-piston, 2-piece caliper
- | 11" 1-piece rotor – slotted, drilled & zinc plated
- | 15" or larger wheel required (verify fitment with template)

**Part #4261444 - Ford 5x4.5 Bolt Circle**

**Part #4301535 - GM 5x4.75 Bolt Circle**

## SS4+

| Front SS4+ 13"

- | 4-piston, 2-piece caliper
- | 13" 2-piece rotor – slotted, drilled & zinc plated
- | 6061 T6 aluminum hat – bolted to rotor ring
- | 6061 T6 billet aluminum hubs w/premium bearings
- | 17" or larger wheel required (verify fitment with template)

**Part #4261580**

## PRO+

| Front Pro+ 14"

- | Baer's Most popular offering
- | 6-piston, 2-piece caliper
- | 14" 2-piece rotor – slotted, drilled & zinc plated
- | 6061 T6 aluminum hat – bolted to rotor ring
- | 6061 T6 billet aluminum hubs w/premium bearings
- | 18" or larger wheel required (verify fitment with template)

**Part #4261441**

## SS4

| Rear SS4 11"

- | 4-piston, 2-piece caliper
- | 11" 1-piece rotor – slotted, drilled & zinc plated
- | Built for Ford 9" rear
- | 15" or larger wheel required (verify fitment with template)

**Part #4262705 | Ford 9"**

**Part #6801308 | Optional Rear Park Brake Upgrade**

## SS4+

| Rear SS4+ 13"

- | 4-piston, 2-piece caliper
- | 13" 2-piece rotor – slotted, drilled & zinc plated
- | 6061 T6 aluminum hat – bolted to rotor ring
- | Built for Ford 9" rear
- | Includes Banksia park brake assembly (much more modern/accurate park brake compared to our competitors drum in hat park brake systems)
- | 17" or larger wheel required (verify fitment with template)

**Part #4262263**

## PRO+

| Rear Pro+ 14"

- | Baer's Most popular offering
- | 6-piston, 2-piece caliper
- | 14" 2-piece rotor – slotted, drilled & zinc plated
- | 6061 T6 aluminum hat – bolted to rotor ring
- | Built for Ford 9" rear
- | Includes Banksia park brake assembly (much more modern/accurate park brake compared to our competitors drum in hat park brake systems)
- | 18" or larger wheel required (verify fitment with template)

**Part #4262700**

The Roadster Shop has been an industry mainstay for over 25 years in the chassis fabrication and turn key vehicle building market for street rods and muscle cars.

By capturing the market with advances in design, engineering, and innovation, the Roadster Shop has continued its development of chassis and suspension products to the growing Muscle Car, pro-touring market.

[RoadsterShop.com](http://RoadsterShop.com)

Baer Brakes prides itself on building world class brake systems for a wide variety application and uses. At the forefront of the Pro-touring movement, Baer is recognized as the industry leader for premium brake components for early domestic muscle cars and hot rods.
